PROFESSIONAL SUMMARY

Dynamic Web and Mobile Application Developer with a strong foundation in full-stack architecture, UI/UX design, and quality assurance. Proven track record of conceptualizing and engineering solutions—from smart transportation tracking to streamlined corporate HR workflows. Adept at leveraging modern frameworks to deliver scalable, user-centric applications while maintaining rigorous code quality.

EDUCATION

De La Salle Lipa Bachelor of Science in Information Technology *September 2022 - June 2026*

- **Awards:** Best Thesis in System Development (Awarded for outstanding system design and implementation).
- **Relevant Coursework:** Object-Oriented Programming, Data Structures and Algorithms, Operating Systems, Networking, Databases, Discrete Mathematics.

WORK EXPERIENCE

Highly Succeed Inc, *January 2026 - April 2026*
Web Developer Intern

- Led the modernization of a legacy Human Resource Information System (HRIS) into a robust full-stack web application.
- Optimized system architecture and data pipelines, significantly enhancing data flow and overall backend performance.
- Collaborated with cross-functional teams to ensure high-quality software delivery through rigorous testing and UI/UX improvements.

TECHNICAL PROJECTS

Human Resource Information System | *React.js, Node.js, PostgreSQL* | *2026*

- Engineered a centralized, full-stack HR platform to automate employee record management and data tracking.
- Designed and deployed scalable backend services and RESTful APIs to ensure secure and efficient data processing.

BusGo Modern Jeepney Tracking App | *Flutter, Dart, Google Console Platform* | *2025*

- Architected a real-time mobile tracking application, integrating live GPS updates and passenger count management.
- Enhanced daily commuter experience by engineering features that display accurate estimated arrival times and better time management.

Social Media App Backend | *Javascript, MySQL* | *2025*

- Programmed a social media app backend to manage, organize, and display posts, likes, and analytics of a social media post.

TECHNICAL SKILLS

- **Languages:** HTML/CSS, JavaScript, PHP, SQL, Dart, C++
- **Frameworks & Libraries:** React.js, Flutter, Tailwind CSS, Node.js
- **Tools & Practices:** Git, Figma
- **Databases:** PostgreSQL, MySQL, Firebase
